GLOC 2023

IAF GLOBAL SPACE
CONFERENCE ON
CLIMATE CHANGE

23 - 25 MAY 2023 | OSLO, NORWAY

Fire and Ice - Space for Climate Action

Following its mission to promote international development and share knowledge, the **International Astronautical Federation (IAF)** and its member the **Norwegian Space Agency (NOSA)** are pleased to announce that the **2023 Global Space Conference on Climate Change (GLOC 2023)** will be taking place in Oslo, Norway on **23 - 25 MAY 2023**. GLOC 2023 will contribute to the global efforts to better understand and battle climate change through the use of space-based services and applications. First conference of its kind, GLOC 2023 is designed to encouraging the sharing of programmatic, technical and policy information, as well as collaborative solutions, challenges, lessons learnt, and paths forward among all nations. GLOC 2023 will address various topics of interest in relation to space and climate change with a specific focus on:

- **Climate change impacts on the environment**
- **Applications and services driven by climate change**
- **Impacts of a changing climate on policy and law**
- **Commercial opportunities created by a changing climate**
- **Present and future international collaboration on space missions related to climate change**
- **Social, communications, economic and cultural dimensions of environmental change**
