1. Preparing your Manuscript

The preparation of the manuscripts should be subject to special attention from the authors as their contributions become part of the IAF heritage and the preservation of knowledge of the international space activities.

Note: A manuscript sample is presented on the next section of this document.

1. GENERAL CONSIDERATIONS

1.1. Page setup

You should prepare your manuscript on US Letter pages (8½" X 11"). In case you are using A4 sheets (210 x 297 mm), please make sure that the paper margins are set to at least 2.25 cm (left/right) and 3.35 cm (top/bottom) on each side.

All manuscripts must be typed with two columns to a page, except for the title and the abstract that should appear across the entire page (one column).

Type, style and size do not have to match our examples exactly, but please make sure it is readable and will reproduce well. Leave margins and space between the two columns. Manuscripts must be typed single-spaced.

1.2. Length and size of manuscripts

A typical manuscript is strictly limited to 5MB in data size. It is recommended that the manuscript does not

exceed 15 pages, including the abstract, references and figures in a two-column format.

1.3. Font

The default font to be used is Times New Roman, 10-point size.

1.4. Manuscript Title

All manuscripts must start with their paper number, e.g. **IAC-23-A1.2.8** (please insert your paper ID).

The title should be centered above the upper portions of both columns.

The name of the author(s), their title(s), business or school affiliation, city and state/country and email address should follow on separate lines in upper and lower case letters.

ATTENTION: The title, once submitted with the abstract and selected by the Session Chairs, **cannot be changed by the authors**. Those who wish to modify the title after being selected have to send this request to their Session Chairs. The IAF will make the correction upon approval.

- It should be clear that authors are free to publish their papers in journals elsewhere once they receive the written authorization from the IAF and provided that they have signed the Copyright Statement as referred below.
- The publishers must notify IAF about the manuscripts they intend to publish (after having contacted the main author). The publishers will publish/distribute IAF manuscripts with the statement: **“Manuscript presented at the International Astronautical Congress, IAC 2023, Baku, Azerbaijan, 2-6 October 2023. Copyright by IAF”**.

Copyright Clearance and Assignments

In order to be allowed to upload your manuscript, you will be requested to accept the following copyright clearance statements and to select a copyright assignment for your manuscript, using the copyright electronic form provided on the manuscript uploading page.

I. CLEARANCE

By accepting this statement, you certify that your work is UNCLASSIFIED and has been cleared and approved for public release by the appropriate company and/or government agency.

II. NO-INFRINGEMENT STATEMENT

By accepting this statement, you certify that your manuscript and presentation represents original work by the author(s), and that no portion of the material is covered by a prior copyright; or that for any portion copyrighted, you have obtained permission for its use and all such permissions are in writing and attached to this form. Furthermore, you certify that your work does not infringe on any trademark, patent, trade secret or any other intellectual property rights of any person, nor does it contain any material that is defamatory.

III. PUBLICATION STATUS

By accepting this statement, you certify that your work has not been published, nor is it currently under consideration for publication elsewhere.

IV. COPYRIGHT ASSIGNMENT

Before uploading your manuscript, you must select ONE of the following copyright assignments (A, B1, B2 or C) for your work. Please read all the forms carefully before making your selection. **NO VARIATIONS in WORDING ARE ALLOWED.**

Important Note: IISL authors must select either form B or C, as A does not apply.

- **Copyright Form A** (Copyright held by the IAF)
The French copyright law adopted on 1 July 1992 gives the copyright of a work to the person who wrote it. The IAF holds the copyright of any work it publishes, with the clear understanding that the author and the author’s organization have the right to reproduce it in print form (not electronic) for their own purposes, provided that the reproductions are not for sale.
If Form A is chosen, the copyright notice will read as follows: **“Copyright © [IAC 2023] by the International Astronautical Federation. All rights reserved.”**

- **Copyright Forms B**
Occasionally, special situations arise in which the authors (or their organization, if they have assigned their copyright to it) wish to retain the copyright in their name. In such a case, the IAF requires a license to publish the work. Copyright Forms B1 and B2 should be used for this purpose.

- **Copyright Form B1** (Copyright retained by the author). If the author retains copyright (B1), the notice, in the name of the copyright holder, will read as follows: **“Copyright © [IAC 2023] by [NAME OF THE AUTHOR]. Published by the IAF, with permission and released to the IAF to publish in all forms”**.
- **Copyright Form B2** (Copyright retained by the author’s organization). If the organization of the author retains copyright (B2), the notice, in the name of the copyright holder, will read as follows: **“Copyright © [IAC 2023] by [NAME OF THE ORGANIZATION]. Published by the IAF, with permission and released to the IAF to publish in all forms”**.
- **Copyright Form C** (Authors employed by Government Agencies) . All authors employed by Government Agencies who prepared the work as part of their official duties as a government employee should

follow their specific rules and point out the specific regime they are submitting to and certify that they comply with the national regulation.

- **Custom Copyright Form**
The copyright form should be preliminarily agreed with IAF Secretariat. Authors are requested to contact the IAF Secretariat at support@iafastro.org
- **Publication in the Proceedings of the IISL**
In order for an author who delivered a paper in the IISL Colloquium to have their paper considered for publication in the Proceedings of the International Institute of Space Law, the author must send a PDF AND WORD version of the final paper (which can be an updated version of the manuscript) in one column (instead of two), with footnotes (not endnotes), and in 9 point Times New Roman before 16 December to proceedings@iislweb.org.

6. Submitting your Presentation

You can upload your presentation by 22 September, with the possibility to upload an updated version at the Speaker Preparation Room during the Congress. Important! As no author is allowed to insert USB devices in the PC in the technical session room, we propose two different options for uploading the presentation:

OPTION 1 (Preferred): Upload your presentation to www.iafastro.org prior to or during the Congress using your IAF login & password.

- Go to “My papers” and click on your manuscript title (See screenshots at the ‘Submitting a manuscript’ section of this document).
- Click on the “Upload/update presentation” option. On the next screen, browse your file system and select your presentation in any of the supported file formats (PDF, PPT, PPS, ZIP, 7Z or GZ).

We invite you to follow this process in preference in order to help the organizers and to avoid problems linked with last minute rush.

OPTION 2: Upload your presentation in the Speaker Preparation Room at the Congress Centre. Authors should bring a copy of their presentation using a USB flash memory.

Important Note: All the presentations will be transferred to the PCs in the session rooms on the day of their presentation. We recommend that all authors keep a copy of their presentation on a USB memory stick.
